

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, mobile phones, smartwatches, tablets or laptops. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department and school's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

When student's mobile phones and personal devices are given to a staff member they will be securely stored in a locked cabinet located either in the classroom behind the teacher's desk, in the Front Office or in the Principal's office. Students storing their mobile phones and devices personally instead of giving them to a staff member, do so at their own risk and are responsible for the safe storage of the item.

If the student does not comply

Outline:

- In instances of non-compliance or misuse of personal devices this will result in disciplinary action which includes but is not limited to: temporary/permanent removal of internet access on personal devices, exemption to use a personal device revoked or device confiscation.
- If a student's personal device is confiscated, it will be kept in a locked cabinet located in the principal's office. The student's parent/s will be notified of the confiscation, a follow up meeting will be had with the principal, student and parent/s and the item is to be collected by the parent.

Roles and responsibilities

Principal

Make sure:

- this policy is clearly communicated and accessible to all students, staff, and families
- there is a process for regular review of the policy
- secure storage is provided for student personal devices that are handed in to school staff
- processes are in place for monitoring internet and school network use by all members of the school community.

Enforce the policy and responses to instances of non-compliance.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

Consider requests for exemptions from the policy from parents on a case-by-case basis. Make sure that approved exemptions are documented and that relevant staff are informed about students' exemptions.

Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible and respectful use of mobile phones to their children.

School staff

Deliver learning opportunities and maintain a safe and productive learning environment. Take steps to minimise distractions from the non-educational use of personal devices in the learning environment at times when a device is being used by a student in line with an approved exemption or in circumstances where students' devices are stored in the classroom.

Respond to instances of non-compliance in line with the school's policy.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

Make sure that any student personal devices handed in for their care are stored in a secure location and are returned to the student (or their parent).

Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible and respectful use of mobile phones to their children.

Students

Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.

Recognise the important role they play in supporting their child to use their mobile phone (or other personal device) in a safe, responsible and respectful way.

Communication and review

Outline:

- The policy in place is formed following the current protocols in place prior to policy creation and the department's policies. It is endorsed by the staff and the Governing Council
- Access to the school's policy is through the Front Office
- The policy will be reviewed bi-annually as student personal device use is not an issue in our site but could be reviewed yearly if issues arise or the site feels that the existing policy needs adapting before it is due for review.

Supporting information

Other policies and procedures that interact with our local policy on student use of mobile phones and personal devices are:

- School Behaviour Code
- School Code of Conduct
- School Anti-bullying Policy
- Care of Property Policy
